

## 8<sup>a</sup> INTERNATIONAL SUMMER SCHOOL OF MATHEMATICS

Dear students participating in the 8<sup>a</sup> ISSM:

First, our congratulations on being selected to participate in this 8<sup>th</sup> International Summer School of Mathematics and our best wishes to both the social interaction with new friends in the ISSM and your mathematics and science education that it is the main objective of this International School.

Please, let me give you some indications:

- 1.- **Bring sunscreen and a cap or a similar ítem.** It is likely so much hot in Seville on July, then it would be advisable for you to protect yourself
- 2.- Do not forget **the ID card or Passport**, It is necessary to show it the first time you arrive to the Student Resident.
- 3.- **Bring your bathing suit and a beach towel for the swimming-pool.** You cannot take out the rooms the towels included in the rooms
- 4.- **Bring clothed and footwear adecuated** for sport activities.
- 5.- Students from Catalonia had a proposition for the first day of the School and, it is every student bring a present (with a value of 5 € or less) for other student. We will play a game called “Mathematics partners” and at the end of the game, you give your present to other participant and, of course, you will get another one.
- 6.- You have to bring some money for your little expenses. We think 40-50 euros will really be enough. It is possible that for some new cultural activity you have to pay some money (never more than 10 euros).
- 7.- If you can bring your Student Card for some cultural activities is better for you.
- 8.- Finally, you have not to forget bring your medical card maybe it is necessary.
