

# CMI-PROMYS International Alliance Scholarship

## Clay Mathematics Institute and Program in Mathematics for Young Scientists

Professor Glenn Stevens, Director of PROMYS

**Fully Funded Intensive Maths Experience:**  
**Six weeks at PROMYS at Boston University, Massachusetts, U.S. followed by**  
**One week of Oxford Masterclasses at Oxford University, England.**

PROMYS, June 29 to August 9, 2014 • Oxford Masterclasses, August 10 to August 16, 2014

Thanks to generous funding by our partner CMI, the Alliance will fund the cost of participation and roundtrip airfare for ten secondary school students from Europe.

All European high school students 16 or older are eligible to apply. Lectures and problem sets will be in English.

Interested in joining 80 mathematically ambitious high school students, 20 counselors, research mentors, faculty, guest lecturers, and visiting alums for six weeks of joyfully rigorous mathematical immersion and then continuing your mathematical explorations for a seventh week at the Oxford Masterclasses?

### PROMYS has the following goals:

- To provide an environment for young people that will arouse their curiosity and encourage a deep personal involvement with the creative elements in mathematics
- To foster interaction between the PROMYS community and the larger community of research mathematicians and scientists currently working in academia and industry
- To encourage habits of thought that lead to scientific independence and creativity
